To whom it may concern

Dear Sir/Madam,

This letter is to state that Tan Wee Boon Aden has attended the following computer programming courses at SG Code Campus:

Course	Dates
• **Principles 1 – Python Fundamentals (10 hours)**	28 May 2018 - 1 Jun 2018
• **Principles 2 – Programming with Functions (16 hours)**	4 Aug 2018 - 29 Sep 2018
• **Principles 3 – Data Structures (16 hours)**	20 Oct 2018 - 8 Dec 2018
• **Principles 3B – Data Structures II (16 hours)**	12 Jan 2019 - 2 Feb 2019
• **Principles 4 – Object-Oriented Programming (16 hours)**	9 Feb 2019 - 30 Mar 2019
• **Principles 5 – Web Programming (16 hours)**	6 Apr 2019 - 1 Jun 2019
• **Principles 6 – Web APIs (16 hours)**	27 Jul 2019 - 14 Sep 2019

The Principles sequence is a 2-year long weekly programme for Secondary School students which teaches computer science theory and practicum in both the Python and JavaScript programming languages. Foundational Computer Science concepts are covered in the first four levels of the sequence and include data types, control flow, functions, data structures and object-oriented programming. All classes beyond Level 4 are practicum-based in areas which focus on web and mobile app programming.

Further course details can be found on our website www.sgcodecampus.com.

Sincerely,

Germaine Goh
Head, Curriculum and Instructor
